

**HFU-Summer School programme 2016 for international students: "White Water Management – Learning Management in a new way"**, which might be of interest for your students. I would be happy, if you could forward this information to them.

This summer school teaches **management principles in an action-orientated outdoor & white water kayaking environment** of the **Bavarian Alps from 22. August 2016 until 30. August 2016**. Course language is **English**. Like the environment for managers the environment of white water is marked through uncertain, unpredictable settings, which demands again and again strategic target-orientated decisions by the actors. Students learn management principles effectively and directly exercised in action. This approach leads even kayak-beginners through the experience of white water straight to the core tasks of management. It's about skills, not about muscles! White water beginners welcome!

The course provides **6 ECTS**. It is designed not only for students of Bachelor or Master level with a focus on Business Management, but also for other related studies, which provides management input.

I would like to draw your attention to the **homepage** <http://www.hfu-summerschool.com/> and the related **video**. The course is also recommended by the **DAAD (German Academic Exchange Service)** and listed in <http://www.summerschoolsineurope.eu>. Actual information are provided under our [facebook-account](#).

**Applications** are possible from now **until 15. May 2016; places are limited to 12 students!**

If you have any questions about the program, please do not hesitate to mail Prof. Dr. Gerrit Horstmeier ([hor@hs-furtwangen.de](mailto:hor@hs-furtwangen.de)).

I would appreciate if you could inform your students about this Summer School. We look forward to welcoming your students and invite them to discover our 10 days programme. If your university is also offering Summer School courses, I could also transfer these informations to our students via our International Office.

Thank you very much in advance and kind regards from Germany,

Gerrit Horstmeier
