# Self-financing Students (Bc and MA degree study)

---

An international student advisor office makes possible a range of services beginning when students are considering their university options. The students are answered all questions they ask. University life is the time when all thoughts come together, take shape and become a firm foundation. The raising of one's awareness of the world and of the self is a complicated process, and all our students are guided and assisted whenever they feel they are in trouble or may face difficulties.

Therefore, all students are invited to consult their difficulties with International Student Officer Iveta Ondráčková (door H063), email addresses: [iso@ftvs.cuni.cz](mailto:iso@ftvs.cuni.cz) . If you desire to find answers to your questions immediately, see the [FAQ](#) .

## What can you study?

The following 2 undergraduate/graduate degree programmes taught in the English language, have been accredited by the Ministry of Education of the Czech Republic:

| <b>BACHELOR DEGREE PROGRAMME</b> | <b>TUITION FEES PER ACADEMIC YEAR</b> |
