# Admission

---

- [Basic information about the studies \(for applicants\)](#)
- [Information about the admission process](#)
- [For applicants for bachelor's or long-cycle master's programmes of study](#)
- [For applicants for post-bachelor and doctoral programmes of study](#)

[Information](#) and the document ENGLISH PROGRAM FOR INTERNATIONAL STUDENTS ACADEMIC YEAR 2021-2022 gives you more information regarding the courses (as valid for the current year).

For your diploma recognition, please, read the [page](#) and the document there called FORMS OF VERIFICATION BY THE COUNTRY. We will need to have a certified copy before October.

Regarding the sports doctor test: It should be a stress test to prove your heart and other functions can stand the sports courses. It can be done also here, but it might be harder to make an appointment. We have to receive the original before you start the courses, so in September or before (and every year again).

Note that if you need a visa, you are advised to apply with a sufficient time margin, better fast.

You will have to prove you are vaccinated against Hepatitis B and prove you have enough anticorps against measles - see information on the [web pages](#)
