CHARLES
UNIVERSITY

Every student of Charles University is required to have a Charles University Student Card (CUSC) in the form of a contactless chip card. It is a practical tool for everyday life at the university.

How does the card work?

- It is an **access card** to CU buildings, including dormitories.
- It is a **charge card** enabling you to eat in CU cafeterias, make use of copy services, and visit university libraries.
- It is **confirmation of studies** so that you can receive a student discount fare for Prague public transport.
- In the case of an ISIC/ALIVE CUSC, the card can be used for discounts.

The card must be collected in person at one of the Charles University Card Service Centres.

Select the card type

- Free of charge
- For students in a full-time, combined or distance form of study

Remember:

- The ISIC/ALIVE licence must be renewed every year at one of the Charles University Card Service Centres (CZK 230).
- If your CUSC is lost or damaged, you may request a duplicate for a fee. If the personal data on your card has changed (e.g. change of name after marriage), a new card can be issued free of charge.

Please note:

A CUSC card with an ISIC/ALIVE licence issued to students enrolled in the academic year 2021/2022 is valid until December 31, 2022. From September 2022, you will be able to renew your CUSC for another year. CU-ISIC or CU-ALIVE cards may be renewed at any of the Card Service Centres.
